

SIMPLE COMPLETION CHART

A one-page record for all 90 lessons

Note: This one-page chart is ideal for most teens and adults.

INSTRUCTIONS

Use this chart to document your student's progress through all 90 lessons. For each lesson, give your student a "100" after he correctly reads all of the words in the lesson list. Likewise, give him a "100" after he correctly spells each and every word in the lesson list.

Visual reminders like this completion chart help your student easily see, at a glance, how much he has accomplished so far. He can also see that the finish line is in sight. If you are teaching younger students, consider using the detailed color-coded completion charts instead (see next completion chart).
